

EDTA Dipotassium Parameter Specification

Packing specification: plastic bottle, 500g/bottle, 25kg/barrel

Appearance: white crystal powder

CAS: 25102-12-9

Performance: odorless, easily soluble in water, easy to absorb moisture

PH value: 4.8 ± 1 (5% aqueous solution, g/ml)

Solubility in water: $\geq 60\%$ (g/ml, 25° C)

Main content: $\geq 99.0\%$

Validity period: three years

Storage conditions: sealed
